Why SAMSUNG UHD TV by Getit?

7 Reasons to buy from us

(1) Our UHD price is almost the same with normal LED TV in Brunei Market due mainly to brand support, good product sourcing and online business nature

(2) FLEXIBLE MODE OF PAYMENT. Not only Online payment, counter (cash/ card at our store), Bank Transfer, Bank Loan and our famous interest free Prepaid programme.

(3) Fast and strong after sale service support. As such, we dare to launch extended 2 YEARS WARRANTY

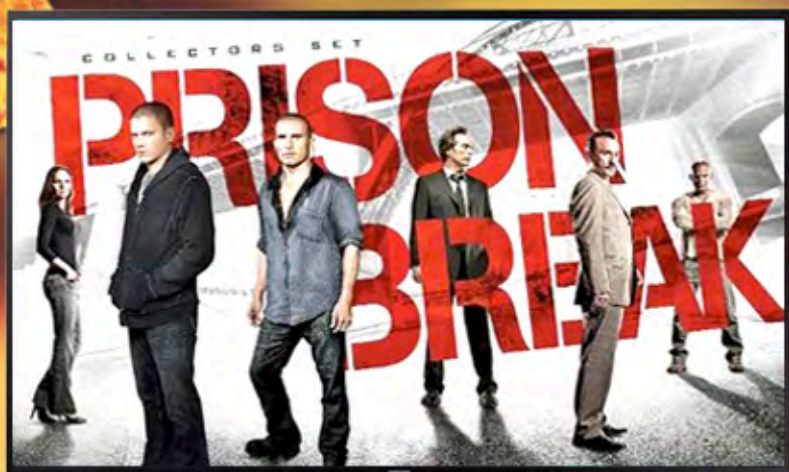

(4) See the actual set demo at our store. Experience it offline, Purchase it online.

(5) Very fast to get TV installed at your house within 24 to 36 hours
(All with free installation and wall bracket)

(6) KNOWLEDGEABLE sale team to recommend TVs based on your budget

(7) We have very aggressive and strong marketing campaign to offer the BEST VALUE to Brunei customer on monthly basic.

What are the benefits of Curved Design

Optimizing Contrast Levels For Objects In Image

Enhanced contrast and color accuracy, along with Auto Depth Enhancer, all work together to create an outstanding sense of depth that immerses you right into the centre of the onscreen action.

Curved Design

Stunning pictures aside, the Samsung Curved TV is designed to be soft in its approach, drawing all eyes toward its exquisitely shaped form.

Research shows that humans hold a natural attraction to curved over straight forms and Samsung, as a design leader, have harnessed this age old knowledge to create a TV that is elegantly curved for a lasting effect.

Less Eye strain

The Samsung TV's curved design takes into account the fact that most people spend a lot of time in front of a screen, day in day out, and it actually relieves eyes by reducing potential fatigue that may come from prolonged viewing sessions. With a curved TV screen, your eyes are afforded a uniform viewing distance that equalizes the distance from eye to screen over one's entire field of vision. The result is good news for your eyes with more comfortable viewing compared to a flat screen.
